

Tonino Lamborghini

RESIDENCES DUBAI

The first luxury residential community of the Italian brand founded by the Lamborghini family will rise in the Meydan district of Dubai, the city of the future.

At the expansive 4.6 million square-foot site, the upcoming iconic Tonino Lamborghini Residences Dubai will include 10,000 high-end bespoke apartments with the concept design and furnishings of the Tonino Lamborghini Home line. The project will also include branded restaurants, cafés, gyms, spas, and offer a full spectrum of convenient amenities and retail services. Tonino Lamborghini Residences Dubai is inspired by the timeless

design of the Bull brand: a combination of clean and aerodynamic lines, a mix of dynamism and refined style influenced by the mechanical DNA of the Lamborghini family. The top quality finishes and contemporary design of the brand's furnishings, smart home automation and lush green landscapes will be the added values of the Tonino Lamborghini Italian living experience.

The project has been conceptualised for the modern buyer and will be especially attractive for international professionals who want stylish luxury, high-end technology and top quality materials and finishes. This includes customers who plan to buy-to-live and private investors living in the UAE, as well as India, China and KSA.
